

## AGREEMENT FOR THE USE OF BOATS

Name group:
House nr:
Deposit received <b>landlord</b> by Arrival
Deposit received <b>rent payer</b> by departure

Please go through the following points with your landlord / service person. If you damage the boat or equipment you are liable for these! The boats are insured by an amount of NOK 20000, -. This means, if the damage is lower than NOK 20000, - you pay the damage completely self. If the damage over NOK 20000, - you pay the amount of NOK 20000, -. The rest is covered by the insurance.

**ATTENTION: The drive through of the shaded areas on your sea chart is PROHIBITED! This means: Do you damage the boat or the engine in one of these areas, you must pay the completely damage self. This also include if you go out with the boat in bad weather conditions. You have no insurance cover and you must pay the completely damage or rescue self. Towing based on empty fuel must be paid from the tenant. Towing based on damage on boat in prohibited areas or in bad weather conditions is also to be paid by the tenant. It is NOT allowed to stop the boat while you are out fishing!**

**When you drive the boat, you must use the plotter screen. In no case only use the sonar screen!**

- Diesel boat engine can't be stopped when you are out in sea. If you will do this and we need go rescues people, you must pay NOK 2000, -
- All the time use map when you are driving the boat.
- Weather changing very fast in sea- all the time check weather before you go in [www.yr.no](http://www.yr.no) Titran and respect that you can't go fishing in bad weather!
- It is not allowed to fishing closer than 100 m from fish farms
- The garbage / leftovers/ waste from fishing needs to be emptied into the sea, the same day. This must be emptied in open sea – not close to marina.
- If you born in 1980 or later and you want to drive bigger boat than 8 meter or more than 25 horsepower, you must have a boat driver license.
- Respect speed limits on the sea and pay attention to other boats. Maximum speed when passing the quay is 5 knots.'
